Today i’ve made it my mission to find the best pictures of the top 3 DC heroes

#1

I chose this picture because it truly captures the
Dark noir as well as the vigilante side of batman.
I ranked him number one because he has defeated the greatest
Heroes as well as villains this man,Bruce wayne has defeated
Bruce Banner the HULK!! I think he deserves #1 respectively.

#2

In this image of world renowned superman we get to see his determination
As well as bravery as he zooms off to save Lois Lane I rank him
#2 because just like batman the man of steel has had many feats.

#3
Wonder Woman every male nerds dream
In this image it captures her facial expression
As determination and grit.I've ranked her number 3
Because of her skillset and her minor feats.
